EXPERIENCE

Technical Writer

ATONARP Micro Systems India Private limited

05/2022 - Present Bengaluru, Karnataka, India

Tools Used: Swagger, Oxygen XML Editor, GitHub, JIRA, JSON, and Snagit.

- Developed comprehensive user manuals, online help, release notes, installation guides, API documentation, and system manuals for the ASTON (Semiconductor product) and ATON (Healthcare product). Enhanced product understanding and usability for end-users.
- Created detailed documentation for a new API (ATONARP REST Data Services (ARDS)), ensuring developers can easily access ATONARP database data.
- Collaborated with cross-functional teams to define documentation requirements and create content strategies.
- Created and formatted content in various formats (PDF & HTML) while adhering to ATONARP standards.
- Conducted regular reviews, and updates of technical content for new software releases, enhancing product literature quality.
- Regularly updated documentation to reflect changes, and manage version control.

Senior Technical Writer

Oracle Financial Software Services India Private Limited

11/2020 - 05/2022 Bengaluru, Karnataka, India

Tools Used: Adobe FrameMaker(Structured), RoboHelp and Captivate, Office 365, Tortoise SVN, JIRA, JSON, Bug DB, and Snagit.

- Crafted extensive technical documentation for Oracle Enterprise Case Management System and Behavior Detection applications, including Readme, Release Notes, User Guides, Installation Guides, and Configuration Guides for both on-premises and cloud environments.
- Maintained style guidelines, developed project plans, facilitated meetings, and provided consulting to create effective documentation for a business unit.
- Developed and managed single-source documentation across product lines to reduce workload, duplication, and errors for both writers and end-users.
- Learned new technologies rapidly and balanced multiple projects independently and collaboratively, consistently meeting high-quality standards and deadlines.

Technical Writer IV

Fidelity National Information Services India Private Limited

09/2017 - 11/2020 Bengaluru, Karnataka, India

Tools Used: Oxygen XML Editor, Office 365, Markdown, Tortoise SVN, JIRA, JSON and Snagit.

- Created User and Administration Guides, Release Notes for FIS EZBusiness Card Management Application.
- Reviewed and revised help files on Service View and Client Link platforms.
- Contributed to projects and initiatives to achieve business objectives.

Senior Technical Writer

OSI Energy Automation India Pvt. Ltd / Quintype Technologies

07/2016 - 07/2017 Bengaluru, Karnataka India

Tools Used: Office 365, Itsmen, Markdown, JIRA, and Snagit.

- Consistently produced compelling content, including articles, blog posts, and product descriptions, adhering to the company's style guide and brand voice, while collaborating with editors, designers, and developers for seamless integration and production.
- Developed executive dashboards and customized views of the standard Monarch application using Dynamic Tabular Display.
- Implemented features including dynamic data filtering and sorting, drag-and-drop functionality, third-party application copy/paste support, and the ability to hide or unhide columns and attributes.
- Developed rule-based color coding for key system conditions and attributes.

SUMMARY

Enthusiastic Technical Writer with 13 years of experience in transforming complex technical concepts into clear, user-friendly documentation for software development environments. Passionate about innovation and user experience, I consistently leverage my expertise to produce engaging content and enhance product usability. Proficient in creating online help, user guides, installation guides, release notes, and product presentations.
